Product Description

Four plastic character stands prevent wear and tear on your character tokens. Tired of stained or damaged character tokens? With the Feldherr character stands, your character tokens will look like new for a long time to come. The character stand is compatible with the character tokens for Arkham Horror 3rd Edition and Eldritch Horror and replaces the original bases. Unlike the original base, the character tokens do not have to be clamped in the base. This prevents damage to the tokens. Wear and tear caused by constantly touching the tokens is also prevented, as the tokens no longer need to be touched directly during play. "Ready to use" - no assembly required. The character stands have the following dimensions: approx. 37 mm long x 20 mm wide x approx. 48 mm high. As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
