Including the additional Black Guard miniatures and their weapon options. Precisely fitting compartments ensure that nothing happens to your collectibles while travelling. The skeletons' scythes are just as safe from damage here as the goblins' swords or the feathers on the guards' helmets. You don't need to worry about painted models either, as they are neatly separated from each other and completely surrounded by foam in their compartments. The colours remain intact and free from scratches. The 21 doors are stored on the second full-size insert. If you prefer to have more space for miniatures from the HeroQuest expansions and do not need to store the doors individually, the doors can also be stored in a larger free compartment of the half-size inserts. 4 further half-size inserts take care of the rest of the game material, such as the furniture pieces, markers, dice and cards. The gargoyle, just like the barbarian, also takes up a little more space. The two miniatures are therefore allocated larger compartments. A total of 31 compartments remain for free use, which can be filled with miniatures and accessories from the expansions. Finally, the supplied foam cover ensures that the miniatures in the upper insert are also completely surrounded by foam. The privacy screen, character cards and personality passes, as well as the Book of Rules, the Book of Challenges and the Master Challenges of the Black Guard can be stored on the lid or in the compartment at the front of the bag. The comfortable Feldherr MAXI PLUS bag is made of particularly hard-wearing material. In addition, padded side panels and a reinforced base ensure that your miniatures are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you have space for writing materials, booklets and other small items, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag comfortably as a shoulder bag thanks to the wear-resistant, detachable shoulder strap.
