Product Description

Safely transport all 29 models of the Spires from the "Conquest: The Last Argument of Kings" Core Box - With space for 11 additional miniatures. They fled from the stars and harbour a dark secret. Although not very numerous, "The Spires" are among the most powerful races in Europe. The Core Box (2 Player Starter) is the ideal foundation stone for acquiring an army of Spires. The 29 highly detailed miniatures of the star children naturally need to be stored safely. The Feldherr MAXI bag incl. Feldherr foam inserts ensures that your army of The Spires arrives on the battlefield undamaged. There are even compartments left free so you can expand your army. The set consists of: - 1 Feldherr MAXI bag - 1 half-size foam insert for 1 Abomination, 3 Force-Grown Drones and playing cards (HSMEVE120BO) - 1 full-size foam insert for 1 Pheromencer and 21 Force-Grown Drones (FSMEZZ050BO) - 1 half-size foam insert for 3 Brute Drones, 30 bases and game material (HSMECO085BO) - 1 half-size foam insert with 10 compartments for expansive miniatures (HSBE040BO) - 1 half-size foam mat, 5 mm, as a height leveller - 1 foam cover We have packed 1 full-size and 3 half-size foam inserts in the bag to protect your miniatures. Whether it's a massive Abomination or a Force-Grown Drone, each miniature has its own compartment. Thanks to the precise cut, the miniatures have a firm fit. Even if the transport gets a little bumpy, the figures stay in place. The soft, fine-pored foam protects intricate details from breaking off and the colours of your painted models from scratches and paint abrasion. To allow your army to grow, there is a free compartment for brute drones and an additional insert with ten compartments. Here you can store up to 10 more Force-Grown Drones or miniatures of a similar size. Simply distribute your game material across the free compartments in the inserts. Of course, the cards also fit into the compartments with protective sleeves. The foam lid supplied completes the set. It ensures that the models are optimally protected from all sides and do not fall out of the compartments during transport. The large base of the Abomination is placed on the foam lid. **Compartment dimensions:** The 5 compartments of the HSMEVE120BO have the following dimensions: - 1 compartment: 165 mm long x 120 mm wide x 110 mm deep - 4 compartments: 71 mm long x 35 mm wide x 110 mm deep The 22 compartments of the FSMEZZ050BO have the following dimensions: - 12 compartments: 60 mm long x 45 mm wide x 40 mm deep - 6 compartments: 65 mm long x 45 mm wide x 40 mm deep - 4 compartments: 73 mm long x 40 mm wide x 40 mm deep The 10 compartments of the HSBE040BO have the following dimensions: - 4 compartments: 70 mm long x 42 mm wide x 30 mm deep, one corner rounded - 4 compartments: 70 mm long x 42 mm wide x 30 mm deep - 2 compartments: 70 mm long x 52 mm wide x 30 mm deep Each of the 6 compartments of the HSMECO085BO is 80 mm long x 73 mm wide x 75 mm deep. The four corner compartments each have a rounded corner. The inserts fit exactly into the robust MAXI pocket. This is made of particularly hard-wearing material. In addition, padded side sections and a reinforced base ensure that your miniatures are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag comfortably as a shoulder bag thanks to the wear-resistant, detachable shoulder strap. The MAXI bag has the following dimensions: - Inside: 345 mm x 275 mm x 180 mm - Outside: 390 mm x 330 mm x 190 mm The foam inserts have the following dimensions: - HSMEVE120BO: 275 mm x 172 mm x 120 mm total height (110 mm usable height + 10 mm foam base) - HSMECO085BO: 275 mm x 172 mm x 85 mm total height (75 mm usable height + 10 mm foam base) - HSBE040BO: 275 mm x 172 mm x 40 mm total height (30 mm usable height + 10 mm foam base) - FSMEZZ050BO: 345 mm x 275 mm x 50 mm total height (40 mm usable height + 10 mm foam base) - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free
