Product Description

Ork Boyz love dakka and speed, so you can sometimes forget about safety. Who needs armour as long as the vehicle roars and bangs loudly? Even if your Ork Boyz don't care about safety, we still have the right Feldherr foam insert for you. It won't get your Pikk-Up through the MOT, but at least it will make it onto the battlefield. The half-size foam insert has 5 compartments of different sizes. You use the large compartment in the centre for your Pikk-Up. The four neighbouring compartments provide space for smaller figures such as Stormboyz or miniatures of a similar size. The precisely fitting compartments prevent your miniatures from sliding around and being damaged during transport. The soft, fine-pored foam protects delicate details from bending or breaking. If you have painted your miniatures, you can be sure that the foam will prevent scratches and chipped paint just as reliably. Details - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free Dimensions - 1 compartment: 165 mm long x 120 mm wide x 95 mm deep - 4 compartments: 71 mm long x 35 mm wide x 95 mm deep - Half-size foam insert: 275 mm x 172 mm x 105 mm total height (95 mm usable height + 10 mm foam base)
