Product Description

Unlock! - Insel Goorse (single scenario) Box1C - card game (DE), for 1-6 players, ages 10+

After weeks of hesitation, you finally accepted the invitation from Archibald Goorse, an eccentric one Billionaire and collector of archaeological rarities. You were flown to his private island near the Bahamas in a twin-engine plane. But then a storm came up, which the machine could not cope with. You were able to parachute just in time while the plane smeared and hit the middle of the jungle. You are not injured, but the storm blew you apart. How do you just find your friends again to get away from this damn island?

The island of Doctor Goorse is a challenging adventure for puzzle lovers from the pen of the author Thomas Caut with illustrations by Florian de Gesincourt

The games in the Unlock! series allow you to experience the cooperative experience of visiting an escape room at your home gaming table - thanks to the free app in real time and with sound. You can find a tutorial and five separate demo scenarios to print out under Bonus for download!
