Product Description

Stormcrow Dervishes - A Song of Ice & Fire, from 14 Years (Expansion)

The Storm Crows mercenaries are known throughout Westeros for their love of money. So if you hire them to fight in your own army, you should have the change. The dervishes are among the most expensive units the storm crows have to offer. They are true veterans ready to do whatever it takes to win a battle for the right price.

The Stormcrow Dervishes expansion for the A Song of Ice & Fire: Tabletop Miniatures Game offers players a new melee unit to add to their army. As a neutral faction, it can be added to almost all armies. At moderate speed, they quickly make their way to the enemy lines. They are extremely adept at handling their two long knives. You hit reliably and use a lot of dice. Like other Stormcrow units, they may make an extra attack if they are targeted on the Tactics Board.

To play A Song of Ice & Fire - Stormcrow Dervishes an A Song of Ice & Fire starter kit is required. This unit is considered neutral and can be added to various factions.
