Product Description

Bloody Mummies Skirmishers - A Song of Ice & Fire, from 14 Years (Expansion)

There are numerous mercenary troops in Westeros. Each of them has to find a way to stand out and differentiate themselves from the others. The skirmishers of the bloody mummy achieve this through extremely conspicuous clothing and makeup, as well as through their foolish behavior. But only a fool would think of them as fools of the battlefield. Your clothes are not a sign of kindness. In truth, it serves more as a warning, because the Bloody Mummery is known as one of the cruelest mercenary troops in all of Westeros. The Bloody Mummies Skirmishers expansion for A Song of Ice & Fire: Tabletop miniatures game offers players a new melee unit for their army. As a neutral faction, it can be added to almost all armies. These colorful fools are not to be trifled with. Armed with terrible blades, they throw an impressive number of dice in close combat. They get even better when attacking a unit that has not yet been activated. Attacking them openly is also foolish, for their ability to parry punishes those who attack haphazardly.

An A Song of Ice & Fire starter kit is required. This unit is considered neutral and can be added to various factions.
