The crowd in the "Howling Troll" rages when you face Mariana the Sinister in a bard duel. With her dark ballads she is the favorite of the pub patrons. But you brought your fans with you and one or the other nasty trick up your sleeve. So choose the right song, let the strings do the talking and earn fame, money and most importantly ... the coveted crown! Become the king of all bards!

3 to 6 family or casual players from the age of 10 fight the ultimate war of singers in Nikola Petrov's "The King of All Bards". You wander through the six pubs in the capital and sing your songs everywhere. This is how you earn fans and gold - the first to earn tips and a lifelong fan in 5 pubs will be crowned king of all bards and win the game!

But to achieve this goal it is not enough to burst onto the stage and sing some song. Use your bard's strengths, play whatever the audience likes, and bring your fans along to make the vibe in the store overflow. Drive your opponents off the stage in a bard duel and let your fans kick those of the other bards out of the pub. And if all else fails, you can always cut the strings of the other person's lute with the string cutter! Earn the Bard's Crown!

Warning!Not suitable for children under 36 months!
