from **68,48 EUR**

Item no.: 356508
shipping weight: 3.10 kg
Manufacturer: Asmodee

Product Description

More than ten years after its release, the award-winning game Village has become a classic that every game connoisseur should have in their collection. The Kennerspiel des Jahres 2012 was developed by Inka and Markus Brand and is known for its unique mechanism that allows time to pass across generations.

In this worker-placement game, each of you directs the fortunes of a family and leads them to fame and recognition in many ways, e.g. through farming, travelling or through influence in the council chamber. But there is one thing you should never forget: Time cannot be stopped, and people go with it. Those who are immortalised in the village chronicle after their death can increase the fame of your families and bring you that much closer to victory.

The Village Big Box contains all previous expansions, all promos and a completely new expansion. There is also a new solo mode, a new design and many upgraded game elements.

Caution. Not suitable for children under 36 months.

- Number: for 1-5 players
- Age: from 12 years
- Duration: 60+ minutes
