shipping weight: 1.30 kg
Manufacturer: Asmodee

Product Description

EIGHT: made up is an abstract game with a unique, original design. The aim of the game is to score 24 points by cleverly placing your tiles. The attraction of ACHT: ausgemacht is that the black and white patterns of all the tiles can be connected with each other, so there are endless combination possibilities.

You score points by closing shapes such as circles or squares. Whoever succeeds in forming an "8" on the board - the symbol of infinity - even receives eight points for the round, while their fellow players go away empty-handed.

Which of you will manage to score an EIGHT: made up?

- Number: 2-4 players
- Age: 8+ years
- Duration: 36+ minutes
