### Product Description

Dothraki Hrakkers - A Song of Ice & Fire, from 14 Years (Expansion)

As impressive as the direwolves from House Stark may be, the hrakkers, the white lions from across the sea, are in no way inferior to them. It takes great skill to kill one. But the real art is to catch and tame one of these majestic beings. Once this lofty goal is achieved, the Dothraki will receive a new weapon in battle that can take on anything.

The Dothraki Hrakkar expansion for the A Song of Ice & Fire: Tabletop miniatures game features Targaryen players with a ferocious beast and guide to use in their army. The lions and their leaders act as a unit. They use claws, fangs and swords to destroy their enemies. Even heavily armored opponents should fear these beasts. They are also masters in attacking from an ambush and can attack at any time from where the enemy least expects it.

An A Song of Ice & Fire - Targaryen starter kit is required.
