Product Description

Steamopolis, board game for 1 - 3 players, ages 12+ (DE edition)

Become an airship captain! The mayor got caught in the wheels! Between the gears, to be precise.

This is your chance: Steamopolis, the city of gears, steam and airships, needs a new mayor and there is no more suitable candidate than you - at least that's how you see it.

All you have to do is convince the citizens of it. And nothing is valued more in Steamopolis than a gifted engineer. Let your airship soar, build an insanely complex machine inside and hang impressive banners on the back to show everyone that you have what it takes to be Mayor of Steamopolis!

Fly as one of 1 to 4 connoisseur airship captains from 12 years in Gerhard Hecht's Steamopolis with your airship to the different levels of the tower city. To do this, you need a lot of pressure in your steam boiler. Because these airships rise up on the ejected columns of steam! And the higher you get, the better deals await you.

Instead of flying high, you can also direct the steam pressure into the machinery of your airship! This is how you power the machines that you have built into your airship. So you can operate entire production chains. However, the space on your airship is very limited, so think carefully about what you are going to build where and what you will cannibalize for spare parts!

Warning! Not suitable for children under 36 months!

- Players: 1 - 3 players, ages 12+
- Duration: 60 - 90 minutes
