## GG20118 - Dungeon 1100+ Convertible - Purple

from **43,04 EUR**

Item no.: 368494  
shipping weight: 1,30 kg  
Manufacturer: Gamegenic

### Product Description

The Dungeon 1100+ is ideal for storing a complete card collection. There is room for several deck boxes, play mats, accessories and of course a large number of cards (even if they are protected in larger toploader sleeves). The locking mechanism is subtle but strong thanks to a clever design. This means that the box remains securely closed even when fully loaded.

The Dungeon 1100+ is not only compatible with the Sidekick 100+, Squire 100, Watchtower 100+ and casual deck boxes in the product line, but also with most boxes and storage solutions available on the market.

Attention: not suitable for children under 36 months!

- Product size: 414 x 199 x 114 mm
- Inner compartment: 405 x 89 x 110 mm
- Material: Nexofyber surface + microfibre lining
