from **5,20 EUR**

Item no.: 380792
shipping weight: 0.20 kg
Manufacturer: Feldherr

Product Description

Store, transport, present - The Feldherr half-size foam insert to protect your Z scale models. Neatly stored, clearly presented and safely transported. Your models are safe with this Feldherr half-size foam insert for Z scale model railways. Five compartments, customised for horizontal storage of Z scale model railways, offer your wagons and locomotives reliable protection for storage and transport. Thanks to the horizontal position, the insert can also be used as a display for presenting your own model railway collection. Several trains and wagons can be stored next to each other in one compartment. We offer matching foam spacers (HS025A002) to prevent bumping into each other or unintentional coupling. The models are thus stored safely all round and are permanently protected against damage and wear and tear such as scratches and chipping paint thanks to the high-quality foam. - Each of the 5 compartments is 250 mm long x 20 mm wide x 20 mm deep. - Suitable for models in nominal size / Z scale. The half-size foam insert measures: 275 mm x 172 mm x 30 mm total height (20 mm usable height + 10 mm foam base). - High-quality, fine-pored foam - Chlorine-free and acid-free - Made in Germany
