### Product Description

ROKR 3D Wooden Puzzle DIY Building Toy Mechanical Model - Multiplayer game with wooden targets and rubber bands, gifts for boys/girls/teens/adults. Building a wooden model with clear instructions. This is a perfectly designed DIY building kit that requires your hands-on labour to complete. The mechanical wooden puzzle toy is made of precision laser-cut plywood, low-burr and eco-friendly. Safe and cool shooting game with 5 wooden targets. The 3D puzzle contains 5 wooden rogue targets and 100 rubber bands. When you are done with the kit, load the rubber bands to shoot at the targets. Its effective range is about 10-15 feet. A lot of fun and safe enough for boys and girls. Multiplayer activity indoors with the family. With up to 100 soft rubber bands, you don't have to worry about running out of equipment. Soft rubber bands cause no pain during play. You can enjoy the pure fun of a fighting game with friends or family. Even adults can play like a kid! Ideal gift and fine decoration. This is a great gift for any occasion. For Christmas, New Year, birthday, Valentine's Day as a gift for boyfriend, son, father or grandfather. In addition, it is also great as a decoration for your home in the study or on the desk. Matters that require attention. Be sure to connect the parts completely and firmly to ensure that everything goes well. Do not place it in a wet place. Not for children under 14 years of age.
