Product Description

The followers of the great Shifter of Ways have roamed the streets of the Mirrored City for centuries. Now that the necroquake in Shyish has brought the power of magic to the Mortal Realms, the Eyes of Nine sense their chance to help Tzeentch gain more power. To prevent chaos from descending upon your miniatures collection and these impressive models from falling victim to destruction, we have designed this half-size foam tray for you. The tray is divided into 11 compartments for clear storage of miniatures and game material. 6 of these are customised to the "Eyes of the Nine". Vortemis the All-Seeing, K'charik, Narvia, Turosh, the Blue Horror and the two Brimstone Horrors are embedded in soft foam here. This ensures that K'charik retains his horns and can raise his sword in full size against his enemies even after transport. The figures do not slide around and painted models are spared scratches and chipped paint. A further compartment is reserved under the figures for the power and mission cards. It has a finger-wide recess to make it easier to get the cards out. Up to 40 cards can fit in here, even with sleeves. Dice and markers can be sorted into the remaining four compartments. So everything is neatly and securely stowed away. And the followers of the Great Sorcerer are always ready for their next opponent. Details- high-quality, fine-pored foam - Made in Germany- chlorine-free and acid-free Dimensions- foam insert: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm base)
