Product Description

Driven by the contempt of Slaanesh's courtiers, the Daemonette Syll Lusttongue joined forces with the mighty Daemonlord Esske to form a vengeful and terrifyingly powerful duo. The Contorted Epitome is a powerful daemonette-guarded daemonic mirror with immense psionic power. As befits daemons of Slaanesh, their miniatures are made up of countless intricate details. To ensure that they arrive at the gaming table undamaged, you will receive the matching Feldherr foam insert here. A compartment tailored precisely to the Syll'Esske miniature provides optimum protection for this sinister duo. This not only protects the many fine details, such as Syll's scourging whip, from damage. The colours of the painted miniature also remain intact. A customised compartment is reserved directly next to it for the Contorted Epitome. The customised cut and the soft foam also ensure that the tearing claws remain sharp. This leaves you with 4 rectangular compartments in which you can store further Dark Prince pendants. They are suitable for many character models, such as The Masque, or for Daemonettes. Details- High-quality, fine-pored foam - Made in Germany- Chlorine-free and acid-free Dimensions- 4 compartments each 55 mm long x 43 mm wide x 85 mm deep- Half-size foam insert: 275 mm x 172 mm x 95 mm total height (85 mm usable height + 10 mm base)
