HSMEMD035BO - Foam insert for Star Wars X-Wing: Sith Infiltrator

from **5,20 EUR**

Item no.: 381487
shipping weight: 0.20 kg
Manufacturer: Feldherr

Product Description

Equipped with devastating firepower, a cloaking system and advanced technology, the Infiltrator is the perfect ship for the secret operations of the Sith. To ensure that it arrives at the gaming table undamaged, you get the right insert here to protect your miniatures. A miniature-specific compartment offers the Sith Infiltrator a safe place on this half-size insert. The model fits in here both with the wings folded in and out. The precise cut prevents the ship miniature from sliding around during transport and thus protects not only the wings from damage, but also the paintwork from abrasion and scratches. There is also a compartment for large bases and two for manoeuvring wheels. The latter fit in here with and without an upgrade. You can also store small bases in these compartments if required. The two compartments next to them can either be used to store the small bases or to store small fighters. A hexagonal compartment - just like the remaining two compartments - can be filled with small ship models, such as the Vulture-class droid fighters, the Z-95-AF4 head fighter or Delta-7 aethersprites. The SRP droid gunship also fits into the two medium-sized compartments (59 x 46). Details - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free. Dimensions - 1 compartment, hexagonal: 48 mm long x 42 mm wide x 25 mm deep - 2 compartments: 59 mm long x 46 mm wide x 25 mm deep - 2 compartments: 46 mm long x 37 mm wide x 25 mm deep - Foam insert: 275 mm x 172 mm x 35 mm total height (25 mm usable height + 10 mm foam base)
