HSMEZI045BO - Foam inlay for Star Wars X-Wing: TFAT/i gunship

from **5,86 EUR**

Item no.: 381470
shipping weight: 0.10 kg
Manufacturer: Feldherr

Product Description

The TFAT/i is the reliable all-rounder for all possible purposes and locations. Whether as a transporter for clone troopers, fire support from the air or as a starfighter - the gunship does its job. This Feldherr foam insert does its job just as reliably and protects your miniature from the pitfalls of everyday life before and after the game. One compartment is cut precisely to fit the model of the TFAT/i gunship. The precise fit prevents the model from sliding around during transport. This not only protects the wings and other sensitive parts from damage. The colours of the miniature are also protected from abrasion and scratches. If you want to store a second TFAT/i, there is also a large rectangular compartment available. Here you can either store a second miniature or use the compartment as storage space for medium bases. The second large rectangular compartment next to it is also designed for medium-size bases. There is also a compartment for small bases or command wheels (also with upgrade), four cross-shaped slots for storing holding sticks and a large compartment with a finger-wide recess for playing cards. Of course, these also fit here with protective sleeves. The two small compartments directly next to the compartment for the TFAT/i offer space for Delta-7 Aethersprite, V-19 Torrent or Nimbus-class V-wingers. This leaves 2 compartments that can also be filled with smaller models of your choice, such as Eta-2 Actis-class interceptors. Details- high-quality, fine-pored foam - Made in Germany- chlorine-free and acid-free Dimensions- 2 small compartments each 30 mm long x 21 mm wide x 35 mm deep- 2 compartments each 70 mm long x 42 mm wide x 35 mm deep- Half-size foam insert: 275 mm x 172 mm x 55 mm total height (45 mm usable height + 10 mm foam base)
