HSMFDH035BO - Foam inlay for Star Wars Armada: Recusant Class Destroyer

6,11 EUR

Item no.: 381776
shipping weight: 0.10 kg
Manufacturer: Feldherr

Product Description

The Separatist light destroyer may have the edge in direct combat against many Galactic Republic cruisers, but in larger formations its laser cannons can also cause major problems for Republic ships. You can transport a single Recusant-class destroyer safely protected in this Feldherr foam insert. The ship can be stored well protected in a compartment tailored precisely to the model of the Recusant-class destroyer. Wrapped in soft foam, the sensitive edges and other fine details of the miniature are protected from damage. The colours are also optimally protected against scratches and abrasion. In addition to the compartment for the miniature, there are three other compartments. The base and the holding fin are stored in the largest compartment. Finger-thick cut-outs on all sides make it easier to remove the base. The ship and upgrade cards can be stored in the card compartment with the individual finger-thick cut-out. Of course, the cards also fit in the compartment with protective sleeves. The game markers are stored in the remaining compartment. Details- high-quality, fine-pored foam - Made in Germany- chlorine-free and acid-free Dimensions- Half-size foam insert: 275 mm x 172 mm x 35 mm total height (25 mm usable height + 10 mm foam base)
