Product Description

Compatible with King of Tokyo or King of New York and their expansions Power Up! and Halloween
Can be used with the original and the new edition of King of Tokyo. When Kaijus fight to see which of them is the strongest, things get broken. The game brings monster figures, dice, cards, energy chunks and markers to the table. Our insert assigns them all their own place and keeps the monster cave tidy. KING consists of 5 boxes, 4 of which can be removed individually and placed anywhere on the game table. When all the boxes are placed in the box, there is enough space to put the game board and instructions on top. The box lid closes flush. The box can easily be stored on edge. This item is supplied as a kit that needs to be assembled. We recommend using wood glue (not included in the package).
5 trays - Tray 1: The base frame holds the dice, evolution cards, building tokens and plastic holders. - Tray 2: A special compartment for the Halloween dice. - Tray 3: A chute for the energy chunks that everyone can help themselves from. - Tray 4: A card dispenser for the cards. - Tray 5: A holder for the energy chunks. Tray 5: A holder for the markers, which can be built in either King of Tokyo or King of New York configuration.
