Product Description

Compatible with The Colonists and the Ante Portas expansion. Founding a new colony is a colossal endeavour. The game The Colonists from Lookout Games is just as colossal. A veritable flood of components fills the game box to the brim. Our insert comes to the rescue with customised boxes for all the game components from the base game and expansion and keeps the colony tidy. It was a particular challenge to fit all the game components into a small space in the box on the one hand and to make everything easily accessible and reachable on the other. That's why we decided to use lots of individual boxes that the players can arrange on the game table according to their own ideas. Once all the boxes are in the carton, there is a recess for the scoring pad. Everything is covered with the community boards and the colony boards. The rules of the game are placed on top. The box can be closed flush. The box can easily be stored on edge. This item is supplied as a kit that needs to be assembled. We recommend using wood glue for this (not included in the package). 26 trays - Trays 1-6: Hold all game cards (sorted by era) - Tray 7: Goods (food, iron ore, coal, iron and clothing) - Tray 8: Goods (wood, planks, clay and bricks) - Tray 9: Coins and tools - Tray 10: Production buildings I - Tray 11: Production buildings II - Tray 12: Residential buildings - Tray 13: Colonist figures in 3 colours - Tray 14: Steward wooden figures - Tray 15: Town and market tiles - Tray 16: Embassy tiles - Tray 17: Storage sites - Tray 18: Storage expansions - Tray 19: Basic figures from the expansion - Tray 20: Elite figures from the expansion - Tray 21: Building tiles from the expansion - Tray 22: Location tiles from the expansion - Tray 23: Mine tokens from the expansion - Tray 24: Trap/bomb tokens from the expansion.
