### Product Description

The set consists of- 1 x hobby transporter- 1 x shoulder strap for hobby transporter- 4 x storage box FSLB150- 8 x standard inlay 35 mm with 45 compartments each- 4 x grid inlay 60 mm for large tanks, monsters (self-adhesive with extra 10 mm base)- 4 x standard foam lidhobby transporter:The transporter is a large-volume yet lightweight bag for transporting our Feldherr foam inserts in storage boxes. Storage boxes are available in the sizes FSLB150 and DSLB310. One transporter bag fits 4 storage boxes size FSLB150 or one box size DSLB310. Only in this Feldherr bag can you transport our DSLB310 storage box including double-size foam inserts (base area 550 mm x 345 mm).The bag has a huge main compartment and a small side compartment. The inside dimensions of the main compartment are 62 cm long x 40 cm wide x 34 cm high. The side compartment has internal dimensions of 23 cm wide x 21 cm high.This bag holds more than twice as much foam as the Feldherr hard-shell case - a whole 68 litres of volume!Internal dimensionsWidth 62 cm / 24.40 inchHeight 34 cm / 13.38 inchDepth 40 cm / 15.74 inchStorage box M:This practical storage box allows you to store models clearly and protected from dust. The box can be filled to the brim 15 cm high with foam. All half-size and full-size foams (grid, block or individual slot foam sheets) fit perfectly.The internal dimensions of the box are 345 mm x 275 mm x 150 mm high. The external dimensions are only slightly larger. Each box can be loaded with a 4 kg load.Box material: cardboardHandle material: plasticThe Box-M is supplied flat and space-saving. We recommend ordering a few more so that you always have a small supply of these versatile storage boxes to hand!Folding open is quick and easy. Putting them in and taking them out is very straightforward, as one side opens in addition to the lid!The Feldherr hobby transporter can be used to transport 4 of these storage boxes protected from wind and weather.16 x standard 35 mm inserts with 45 compartments eachFoam inserts with compartments in the new c-slot design! The pre-punched compartments now have a conical base. Ideal for 28 mm scale miniatures. The base area of the foam mats with 45 compartments is the same as that of the mats with 36 rectangular compartments (345 mm x 274 mm). We have arranged the compartments to save space and optimised the spacing between the compartments. There are 5 rows of 9 compartments pre-punched on each mat. The dimensions of the longest side of the compartments vary in three stages: 37, 39 and 50 mm.The height of the insert is calculated from a 10 mm base and the usable height of the 25 mm foam insert with 45 compartments. - High-quality, fine-pored foam;- Chlorine-free and acid-free- Made in Germany60 mm grid foam insert: The perforated, pre-punched grid (14 mm \* 14 mm) allows you to customise the foam inserts to your figures.- Dimensions: 275 mm x 345 mm x 60 mm high- Pre-punched grid (14 mm x 14 mm)- Made in Germany- High-quality, fine-pored foam- Foam inserts can be perfectly customised
