Product Description

As robust as servo armour. Your miniatures and game material are well protected in the Feldherr storage box. What Fort Knox is to the Americans, the Feldherr DSLB150 is to your StarQuest collection. A safe place. At least as rare as a living specimen of the Dodo. You've managed to save a complete, intact version of the StarQuest base game and all expansions over the decades. And this is where the DSLB150 storage box including Feldherr foam inserts comes into play. Here you can store all the contents safely and neatly without having to worry about breaking weapon systems or crumpled playing cards. - The storage box offers space for all miniatures and the entire game material of the StarQuest base game and all expansions. - All cards also fit with protective cover- You can store the supplied plastic components, such as the GSG control screens, separately next to the inserts. - Large components such as game boards, walls, chaos control board and instructions can be placed on the foam cover. The contents of the following boxes can be stored with this set: - StarQuest - Basic Game Box- StarQuest - Dreadnought Mission- StarQuest - The Eldar Attack To protect your 72 miniatures and to organise your game material, we have placed 2 full-size and 7 half-size foam inserts. Whether Robotlings, Galaxy Safe Guard or Eldar, each miniature has its own customised compartment. Thanks to the customised cut, the miniatures sit securely and cannot slip during transport through the warp. This not only protects your figures from damage, but also your nerves. The soft foam prevents chipping paint just as reliably as scratches on your painted figures. You sort your game material into individual inserts and the remaining compartments. It's up to you how exactly you want to organise them. Your playing cards have special card compartments that make it easier for you to remove the cards thanks to finger-thick cut-outs. Of course, the cards also fit into the compartments with protective sleeves. The large plastic components supplied, such as the GSG control screens, are placed separately next to the inserts. Smaller components can be stored in the inserts. The foam lid supplied completes the set. This ensures that your precious miniatures and game material are protected from all sides by foam. Large components such as game boards, walls, chaos control board and instructions are stored on the foam lid. The DSLB150 storage box is made of coated, double-walled cardboard and is therefore very light and also particularly stable. Your miniatures and game material can be stored safely and protected from dust and transported effortlessly with the plastic carrying handle. The set consists of: - 1 Feldherr storage box DSLB150- 1 full-size foam insert with 66 compartments for weapon options + small game material such as radar blips (FSMEOU030BO)- 1 half-size foam insert with 16 compartments for Galaxy Safe Guard miniatures (HS035BF05BO)- 1 half-size foam insert with 7 compartments for miniatures such as dreadnoughts, Tarantula mobile weapons + weapon options + game material (HSMEME070BO)- 1 half-size foam tray with 20 compartments for Eldar miniatures + weapon options (HS035C5BO)- 1 full-size foam tray with 34 compartments for Robotling miniatures such as Chaos Commanders, Chaos Fighters, Orks, Gridlings, Clones, Androids (FSBR050BO)- 1 half-size foam tray for cards + small game material such as combat dice, rank insignia (HSMEQO050BO)- 1 half-size foam insert with 10 compartments for weapon options + cards + small game material such as radar blips, psycho shield with base, pressure wall with base (HSFW045BO)- 1 half-size foam insert with 8 compartments for miniature of the Dreadnought + small game material such as doors, airlocks, plastic bases, radar blips, Chaos chips, reinforcement chips (HS060BF02BO)- 1 half-size foam insert with 12 compartments for Robotling miniatures such as androids + Galaxy Safe Guard miniatures + weapon options (HS035I003BO)- 1 foam mat, 4 mm, as a height leveller- 1 foam mat, 10 mm, as a height leveller- 1 foam lid The DSLB150 storage box has the following dimensions:- Inside: 550 mm long x 345 mm wide x 150 mm high- Outside: 590 mm long x 375 mm wide x 165 mm high Dimensions of the foam inserts:- HS035BF05BO / HS035C5BO / HS035I003BO: 275 mm x 172 mm x 35 mm total height (25 mm usable height + 10 mm foam base)- HSFW045BO: 275 mm x 172 mm x 45 mm total height (35 mm usable height + 10 mm foam base)- HSMEQO050BO: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm foam base)- HS060BF02BO: 275 mm x 172 mm x 60 mm total height (50 mm usable height + 10 mm foam base)- HSMEME070BO: 275 mm x 172 mm x 70 mm total height (60 mm usable height + 10 mm foam base)- FSMEOU030BO: 345 mm x 275 mm x 30 mm total height (20 mm usable height + 10 mm foam base)- FSBR050BO: 345 mm x 275 mm x 50 mm total height (40 mm usable height + 10 mm foam base)- high-quality, fine-pored foam - Made in Germany- chlorine-free and acid-free
