Product Description

Powerful landing ships swoop down from orbit into the target area. Various battle formations pour out of their interior to throw themselves against the enemy units with a loud cannon roar. To ensure that your detailed mechs are always well protected, we have the matching Feldherr MAXI bag including customised Feldherr foam inserts for you. This ensures that your force arrives on the battlefield unscathed. The set consists of:- 1 Feldherr MAXI bag- 1 half-size foam insert + grid foam for Fortress-class Assault Dropship and 4 miniatures such as Executioner, Timber Wolf, Marauder (HSMEJX110BO + HS020R)- 1 half-size foam insert for 15 miniatures such as Maurauder, Kriegshammer, Kampfschütze (HSMFAG070BO)- 1 half-size foam insert for 10 miniatures such as Marauder, Warhammer, Timber Wolf (HSLM050BO)- 1 full-size foam insert for 32 miniatures such as Timber Wolf, DireWolf, Combat Rifleman (FSMEDS040BO)- 1 foam cover

To ensure that your mechs are always well protected, we have packed 1 full-size and 3 half-size foam inserts in the bag. Whether it's the Fortress Assault Dropship or a warhammer, each miniature has its own compartment. Thanks to the precise cut, the miniatures have a firm fit. Even if the transport takes you through contested territory, your miniatures will stay in place. The soft, fine-pored foam protects intricate details from breaking off and the colours of your painted models from scratches and paint abrasion. As the dropship protrudes a little, we have included a grid foam with the set. Simply remove the pins from the grid foam at the height of the dropship and place the grid foam on the inlay. This way, your miniature is optimally protected.
