### Product Description

In Memoir '44 you replay the most memorable battles from the Second World War and try to follow and perhaps even change their course. The basic game for Memoir '44 contains 180 detailed miniatures and terrain pieces. To ensure that armoured vehicles, infantry and anti-tank obstacles do not suffer from material loss and damage, there is a matching MAXI bag including matching Feldherr foam inserts. The set consists of:- 1 Feldherr MAXI bag- 1 full-size foam insert with 50 compartments for infantry, artillery, barbed wire, anti-tank barriers and sandbags (FSEB035BO)- 2 full-size foam inserts with 66 compartments each for armoured vehicles, infantry and barbed wire (FSMEOU030BO)- 1 half-size foam insert with 7 compartments for maps, tokens and dice (HSMEQO050BO)- 1 half-size foam insert with 11 compartments + 4 plastic token holders for hexes, dice, tokens, sandbags and bunkers/bridges (HSMERN040BO + 60256)- 1 half-size foam mat, 5 mm, as height levelling- 2 foam coversTo protect your models, terrain pieces and all your game material, we have packed 3 full-size and 2 half-size foam inserts in the bag. Whether it's a massive tank, a simple soldier or some nasty barbed wire, each miniature has its own compartment. Thanks to the precise fit, the models sit firmly in place. Even if the transport passes through the middle of a war zone, the miniatures remain in place. The soft, fine-pored foam protects intricate details such as cannon barrels and rifles from breaking off and the colours of your painted models from scratches and paint abrasion. Your game material is stored in the two half-size inserts, supplemented by 4 plastic token holders. While you can distribute small game material across the compartments and token holders, there are custom-fit card compartments with finger-thick cut-outs for your cards. These make it easier for you to remove the individual stacks of cards. You can store your hexes in the hexagonal compartments. Each compartment can hold 15 of them. You can also embed two of the token holders in each compartment. Dimensions of the compartments: The 50 compartments of the FSEB035BO have the following dimensions:- 10 compartments 52 mm long x 25 mm wide x 25 mm deep- 40 compartments 40 mm long x 25 mm wide x 25 mm deepThe 7 compartments of the HSMEQO050BO have the following dimensions:- 3 compartments: 95 mm long x 68 mm wide x 40 mm deep- 2 compartments: approx. 68 mm long x 48 mm wide x 40 mm deep- 2 compartments: approx. 48 mm long x 29 mm wide x 40 mm deepThe 11 compartments of the HSMERN040BO have the following dimensions:- 8 compartments, hexagonal: 63 mm long x 55 mm wide x 30 mm deep- 3 compartments, square: 60 mm long x 40 mm wide x 30 mm deepEach of the 132 compartments of the two FSMEOU030BO is 34 mm long x 20 mm wide x 20 mm deep. Each of the three compartments of the token holder is 50.5 mm long x 29.2 mm wide x 12.8 mm deep. The foam lids supplied complete the set. They ensure that the models are optimally protected from all sides. This prevents them from falling out of the compartments during transport. Place the game board, the rule booklet and the card holders included in the game between the two foam lids. The inserts fit exactly into the robust MAXI bag. This is made of particularly hard-wearing material. In addition, padded side panels and a reinforced base ensure that your miniatures are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. For those who prefer to have their hands free, the bag can also be conveniently used as a shoulder bag thanks to the wear-resistant, detachable shoulder strap. The MAXI bag has the following dimensions:- Inside: 345 mm x 275 mm x 180 mm- Outside: 390 mm x 330 mm x 190 mmThe foam inserts have the following dimensions:- HSMEQO050BO: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm foam base).- HSMERN040BO: 275 mm x 172 mm x 40 mm total height (30 mm usable height + 10 mm foam base).- FSEB035BO: 345 mm x 275 mm x 35 mm total height (25 mm usable height + 10 mm foam base).- FSMEOU030BO: 345 mm x 275 mm x 30 mm total height (20 mm usable height + 10 mm foam base).- high-quality, fine-pored foam - Made in Germany- chlorine-free and acid-freeAs with all 3D-printed models, minor imperfections may occur.
