Product Description

This MAXI bag, filled with the matching Feldherr foam inserts, offers space for all 30 miniatures from the "Dystopian Wars: Hunt for the Prometheus" starter set. Precisely fitting compartments made of soft foam reliably protect your miniatures from damage and ensure that your painted units arrive safely at the gaming table without scratches. You can store up to 28 additional models in the bag so that your fleets can continue to grow. The set consists of: - 1 Feldherr MAXI bag - 3 half-size foam inserts with 5 compartments each for e.g. Battleships of the classes Descartes, Borodino or generator ship of the Hypatia class, game material such as tokens and dice (HS050A089) - 2 half-size foam inlays with 9 compartments each for e.g. cruisers of the Kutsov class, frigates of the Rurik class (HS050A090) - 1 half-size foam inlay with 16 compartments for e.g. Merian and Rurik class frigates (HS035A043) - 1 half-size foam insert with 9 compartments for e.g. Copernicus class heavy cruisers, Merian class frigates (HS035A044) - 2 half-size foam mats, 10 mm each, as height levellers - 1 foam lid Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your models. The colours of painted miniatures are just as safe from abrasion and scratches. **Compartment dimensions:** The 15 compartments of the three HS050A089 have the following dimensions: - 12 compartments: 78 mm long x 60 mm wide x 40 mm deep - 3 compartments: 137 mm long x 78 mm wide x 40 mm deep The 18 compartments of the two HS050A090 have the following dimensions: - 8 compartments: 105 mm long x 45 mm wide x 40 mm deep - 4 compartments: 105 mm long x 39 mm wide x 40 mm deep - 4 compartments: 45 mm long x 27 mm wide x 40 mm deep - 2 compartments: 39 mm long x 27 mm wide x 40 mm deep The 9 compartments of HS035A044 have the following dimensions: - 4 compartments: 105 mm long x 45 mm wide x 25 mm deep - 2 compartments: 105 mm long x 39 mm wide x 25 mm deep - 2 compartments: 45 mm long x 27 mm wide x 25 mm deep - 1 compartment: 39 mm long x 27 mm wide x 25 mm deep Each of the 16 compartments of the HS035A043 is 50 mm long x 25 mm wide x 25 mm deep. There is still room for the instructions and the spacers, which you can place on the foam. The campaign book and playing cards do not fit in the set and must be transported separately. The foam lid supplied completes the set. It ensures that the models are protected from all sides. This prevents them from falling out of the compartments during transport. The inserts fit exactly into the robust MAXI bag. This is made of particularly hard-wearing material. In addition, padded side panels and a reinforced base ensure that your miniatures are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. For those who prefer to have their hands free, the bag can also be conveniently used as a shoulder bag thanks to the wear-resistant, detachable shoulder strap. The MAXI bag has the following dimensions: - Inside: 345 mm x 275 mm x 180 mm - Outside: 390 mm x 330 mm x 190 mm The foam inserts have the following dimensions: - HS050A089 / HS050A090: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm foam base) - HS035A043 / HS035A044: 275 mm x 172 mm x 35 mm total height (25 mm usable height + 10 mm foam base) - High-quality, fine-pored foam - Made in Germany - Chlorine-free and acid-free
