MAX57BO - MAXI bag for Beasts of Chaos

from **60,90 EUR**

Item no.: 378022
shipping weight: 0.30 kg
Manufacturer: Feldherr

Product Description

And no matter how beautiful the chaos is; we recommend bringing some order to your "Beasts of Chaos" collection. Our MAXI bag with matching foam for your beasts keeps things organised and protects your fantastic models from damage in the best possible way. The 4 inserts with 10 compartments each are suitable for storing standard warrior models such as Gors or Ungors. Two elongated compartments are ideal for storing figures with protruding details such as standards. Finally, the set includes a foam tray for very large models such as Cygor/Ghorgon. The insert is pre-perforated with a 14 mm x 14 mm grid. To customise the insert for the figure of your choice, simply remove the corresponding foam segments - and you have a customised tray for your model. Now all you have to do is peel off the film and glue the insert to the base supplied - done! Of course, the inserts fit exactly into the robust MAXI bag. It has padded sides and a reinforced base so that your figures are safe at all times, even when being transported by car or train. A sturdy strap also ensures better carrying comfort on the way to the next game night. The insert with 7 compartments is ideal for storing particularly bulky figures such as shaman models or bullgors. The set is completed by two matching foam lids. One foam lid is used to equalise the height of the two stacks of inserts of different heights in the MAXI bag. The other lid is placed on top of the foam set so that nothing can fall out during transport.
