from **53,75 EUR**

Item no.: 377965
shipping weight: 0.80 kg
Manufacturer: Feldherr

Product Description

As every hobbyist knows, crafting never stops. And so that you can always take your tools, kits and paints with you when travelling or visiting friends, we have the right craft bag for you. A full-size foam insert keeps your crafting utensils organised and tidy. Up to 48 12 ml Citadel paint pots can be neatly stored on the second insert. The set also includes a matching foam insert for your casting frames and bits. The large compartment is ideal for storing and transporting the kits. You can store individual bits and other small parts in the smaller compartments next to it. And of course the set also comes with a full-size foam insert for up to 30 miniatures. It is suitable for many standard warrior, monster and hero figures from various tabletop and board game systems on a 25 or 32 mm base. Your assembled models are perfectly stored here and the parts you have just glued on are safe from damage. Even painted miniatures are protected from abrasion and scratches thanks to the soft foam. A matching foam lid completes the set and your tools, paints, kits and miniatures are stored neatly and ready to travel. The comfortable MAXI bag is made of particularly hard-wearing material. In addition, padded side sections and a reinforced base ensure that the contents are optimally protected from external influences. In addition to the large main compartment, the bag has a small compartment with a zip at the front. This is a great place to store your cutting mat (A4 format) and assembly instructions. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the wear-resistant, detachable shoulder strap.
