Product Description

Compatible with Mouse and Mysticism: Tales from the Dark Forest. The mouse heroes leave the castle at home and discover a whole new world out there: new allies, new enemies, climbable trees, lots of cards and many, many markers. Our insert groups and organises all these components and keeps the forest hideaway tidy. Once all the boxes have been placed in the box, there is enough space to place game board components and tree toppers on top and lock them in place with the supplied cover bracket. The hero sheets and story book are then placed on top. The box lid closes flush. The box can easily be stored on edge. This item is supplied as a kit that needs to be assembled. We recommend the use of wood glue (not included in the package).
