Product Description

The prime directive in the board game universe is to keep your game materials organised and safe at all times! With our MAXI bag for Star Trek Attack Wing including matching foam inserts AND assortment box, your spaceships, bases, markers etc. are always ready to hand and optimally protected against damage. You can store up to 24 small models including the 24 bases in the foam insert with 30 compartments. A total of 16 compartments are available for very small spaceships such as Gal Gath'Thong, U.S.S. Enterprise or Ni'Var. A further 8 elongated compartments offer space for somewhat larger models such as D'Kyr or USS Enterprise-E. The inlay also has 6 compartments in which you can safely store the 24 bases for the 24 spaceships. The inlay with 16 compartments is used to store very small miniatures such as Gal Gath'Thong, U.S.S. Enterprise or Ni'Var (without base). The inlay with 5 compartments offers you the option of storing medium-sized models. 1 large compartment is available for ships such as Scimitar. A further 4 compartments are suitable for slightly smaller models such as Chang's Bird of Prey or 2nd Division Cruiser. Medium to large models can be safely stored in the 6-compartment tray. For example, models the size of Tactical Cube 138 can be stored here. Dials, large bases and cards can be organised in the 8-compartment tray. 1 compartment is available for (sleeved) cards, 4 round compartments offer space for your dials, 1 compartment is suitable for storing large bases (e.g. Tactical Cube 138 base). Finally, there are 2 compartments for small game materials such as plastic feet. You can store your markers and other small game materials in our practical assortment box. This has 5 fixed compartments, which can be further subdivided by inserting dividers. Up to 17 compartments can be configured in this way. The assortment box can be firmly closed with a lid and is semi-transparent - so you never lose sight of your markers. When the dividers are not inserted, the longest compartment in the centre is 260 mm long x 46 mm wide x 35 mm deep. Of course, the foam inserts and the assortment box fit exactly into the sturdy MAXI bag. The comfortable bag is made of particularly hard-wearing material. In addition, padded side sections and a reinforced base ensure that nothing gets lost during transport. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Cards, game instructions and writing materials, for example, fit in here. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap. The matching foam lid completes the set. Place it on top of the stack of inserts - this ensures that nothing can fall out during transport.
