### Product Description

To ensure that Sigmar's immortal warriors arrive at the gaming table unbroken, Feldherr has this MAXI bag with matching foam inserts for you. The fine-pored foam offers reliable protection against damage to your miniatures - fragile parts remain intact, painted figures are spared scratches and abrasion. The FSJQ050BO inlay has 26 compartments. 20 compartments are ideal for Evocators and Sequitors, for example. A further 6 small compartments offer space for accessories such as dice. The FSMEKU070BO insert has six compartments and offers space for large miniatures such as riders on 90 mm x 52 mm oval bases (e.g. Vandus Hammerhand, the Concussors or the Evocators on Celestial Dracolines). Finally, the set contains two half-size inserts (HSLZ060BO), each with 7 compartments for figures with protruding details. Naturally, the inserts fit exactly into the robust MAXI bag. The bag is made of particularly hard-wearing material. In addition, padded side panels and a reinforced base ensure that your warriors are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. The matching foam lid completes the set. This ensures that the play materials remain in their compartments during transport.
