from **64,47 EUR**

Item no.: 378024
shipping weight: 0.30 kg
Manufacturer: Feldherr

Product Description

With our MAXI bag and the matching foam inserts for 72 speedsters, Feldherr offers your 1:64 scale vehicles a safe parking space. The foam inserts each have nine compartments in which you can store your models safely and neatly. The fine-pored foam reliably protects your cars from damage - the paintwork is spared from scratches and sensitive parts such as mirrors remain undamaged. Six inserts are suitable for flat vehicles such as coupés or racing cars. The two additional inserts are ideal for storing tall models such as vans or minibuses. Of course, the inserts fit exactly into the robust MAXI bag. This is made of particularly hard-wearing material. In addition, padded side sections and a reinforced base ensure that nothing gets lost during transport. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap. The matching foam lid completes the set. Place it on top of the stack of inserts - this ensures that nothing can fall out during transport. Details - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free. Contents - 1 Feldherr MAXI bag - 6 foam inserts with 9 compartments each for flat models (HSMEOP040BO) - 2 foam inserts with 9 compartments each for tall models (HSMEOP060BO) - 1 matching foam lid.
