### Product Description

Two Starter Sets and five Warband Expansions enrich your game and your collection with more than 50 marvellous miniatures. The only question now is: How do you best store them and, above all, how do they arrive at the gaming table undamaged after you have painted them? Answer both questions with this foam-filled MAXI bag especially for the Chosen Pledge of the Godtear Kickstarter campaign. All 53 miniatures from the two starter sets and the five expansions find a safe haven on five foam inserts. From Mournblade, the Soulless, to Nia, the Crystalmancer, to Halftusk, Warden of the Stonekin Isle - every champion and every follower has the right compartment. Wrapped in high-quality foam, the figures are optimally protected from damage. The claws remain sharp and the blades stay on even after a bumpy ride on public transport. If you paint your miniatures, you no longer have to worry about them sliding around or bumping into each other, ruining hours of painstaking painting. The colours remain intact and free from scratches and abrasion. There are also compartments left over for storing the tokens and Objective Hexes. A matching insert is also included for the cards. It has 3 compartments for the playing cards. These fit both with and without sleeves. A finger-wide recess makes it easier to remove the decks. You can sort additional tokens into the 4 small compartments. Finally, a foam lid ensures that your figures are securely packed and everything is perfectly equipped for transport. The Battlefield game board, dashboards and rulebook can be placed on top or stowed in the compartment at the front of the bag. The Feldherr MAXI bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are excellently protected from external influences, even when transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store booklets, the game board and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
