Product Description

Here in the skies, the inventive duardin are in their element. But even up here in the sky cities of Chamon, they are not safe from pesky enemies, who this time come in the form of the Disciples of Tzeentch and want to steal their precious Aethergold. To ensure that the Duardin sky fleets arrive at the gaming table ready to fly, we have a comfortable MAXI bag including foam for the safe transport of your miniatures. With the 120 mm high half-size insert, specially designed for the Grundstok Gunhailer, you can ensure that your ship is always ready for take-off. A compartment tailored precisely to the miniature ensures optimum protection for this detailed model. This not only protects the sensitive parts, such as the flight base or weapons, from damage. The colours of the painted miniature also remain intact. In addition to the large compartment, you also have 4 rectangular compartments in which you can store further units of the Kharadron Overlords. Your skyriggers are in good hands here. The Endrinmaster and the remaining skyriggers are stored on the HS075A018. Here, too, custom-fit compartments made of fine-pored, soft foam provide optimum protection for your figures. The remaining compartments offer space for additional infantry models. Because your army is sure to grow, you also get a full-size insert for up to 25 miniatures and the HSMEFF045BO for 10 miniatures. There is also space for infantry, such as Arkonaut Company or Grundstok Thunderers. Finally, a foam lid ensures that your figures are securely packed and ready for transport to the gaming table. The Feldherr MAXI bag is made of particularly hard-wearing material. Padded side panels and a reinforced base ensure that the miniatures are well protected even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store booklets and other small items, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
