MAX90BO - MAXI bag for paint bottles + tools + miniatures

from **60,90 EUR**

Item no.: 377919
shipping weight: 1.00 kg
Manufacturer: Feldherr

Product Description

As every hobbyist knows, crafting never stops. And so that you can always take your paint, tools and kits with you when travelling or visiting friends, we have the perfect craft bag for you. Up to 74 paint bottles can be stored upright, clearly arranged and easily transportable. Thanks to the lightweight material, the foam insert is a wonderful addition to your hobby bag. Each of the 37 compartments has a diameter of 28 mm and is 25 mm or 40 mm deep. The insert is therefore ideal for storing upright 17 ml Model Color bottles from Vallejo, 18 ml bottles from Army Painter and similarly sized paint bottles from other manufacturers. The bottles are embedded approximately one third of the way into the insert. One insert is therefore used as a base, which can also be placed on the hobby table as a paint stand. For transport, place the second insert upside down on top as a lid. When filled with standard paint bottles (approx. 75 mm high), there is a gap of approx. 1-2 cm between the two inserts. A full-size foam insert keeps your crafting utensils organised and tidy. The 13 compartments are customised for GamesWorkshop tools. There is also a compartment for storing the boxes with the spare knives, saw blades and drill bits. There are 3 additional compartments for other small parts - e.g. green stuff. The rotary knob of the drill bit is slightly (approx. 4 mm) higher than the insert. And of course the set also comes with a full-size foam insert for up to 34 miniatures. It is suitable for many standard warrior, monster and hero figures from various tabletop and board game systems on a 25 or 40 mm base. Your assembled models are perfectly stored here and the parts you have just glued on are safe from damage. Even painted miniatures are protected from abrasion and scratches thanks to the soft foam. A matching foam lid completes the set and your tools, paints and miniatures are stored neatly and ready to travel. The comfortable MAXI bag is made of particularly hard-wearing material. In addition, padded side sections and a reinforced base ensure that the contents are optimally protected from external influences. In addition to the large main compartment, the bag has a small compartment with a zip at the front. This is a great place to store your cutting mat (A4 format) and assembly instructions. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the wear-resistant, detachable shoulder strap. Details - high-quality, foam - Made in Germany - chlorine-free and acid-free Space for - Citadel precision plastic side cutter - Citadel knife - Citadel saw - Citadel burr remover - Citadel hand drill - Citadel modelling tool set - Citadel file set Contents - 1 Feldherr MAXI bag - 2 half-size foam inserts for each of the 37 size foam inserts for 37 colour bottles each - upright (HS035P1BO) - 2 half-size foam inserts as lids (HS050P1BO) - 1 full-size foam insert for Citadel tools (FSMEJO030BO) - 1 full-size foam insert with 34 compartments for miniatures (FSBR050BO) - 1 foam lid Dimensions - 16 compartments: 50 mm long x 25 mm wide x 40 mm deep - 12 compartments: 54 mm long x 40 mm wide x 40 mm deep - 4 compartments: 79 mm long x 28 mm wide x 40 mm deep - 2 compartments: 75 mm long x 28 mm wide x 40 mm deep - Internal dimensions: approx. 345 mm x 275 mm x 180 mm - External dimensions: approx. 390 mm x 330 mm x 190 mm
