from **60,90 EUR**

Item no.: 377970
shipping weight: 0.90 kg
Manufacturer: Feldherr

Product Description

Instead of the original board game box, you can store all the contents of the base game and the two expansions "Ultimate Badasses" and "Get Away From Her, You B***h!" in this compact Feldherr MAXI bag. What you call hell is what the Colonial Marines call home. And so they boldly embark on their new mission. But the mission threatens to turn into a disaster. To ensure that transport does not become a disaster for your miniatures, we support you with the matching Feldherr MAXI bag including Feldherr foam inserts for the basic game and the two expansions. All contents can be stored and transported well protected in it. - Transport and storage option for all contents of the base game and the two expansions "Ultimate Badasses" and "Get Away From Her, You B***h!" by Gale Force Nine. - Seven half-size foam inserts protect your miniatures and help you sort your game material. - The cards also fit into the compartments with sleeves. - Rule book, character cards and game cards. Rule book, character cards and the game boards can be stored separately in the bag. The set includes: - 1 Feldherr MAXI bag - 1 half-size foam insert for Xenomorph Queen, Powerloader and other miniatures + game material (HSMEDQ065BO) - 2 half-size foam inlays for Xenomorphs (HSBE035BO) - 1 half-size foam inlay for character miniatures (HS035BO) - 2 half-size foam inlays for cards and game material (HSFW045BO) - 1 half-size foam inlay for cards and game material (HSMEQO050BO) - 1 foam mat, 10 mm, for height levelling - 1 foam cover Four half-size foam inserts are available for the miniatures from the basic game and the expansions. Each miniature has a suitable compartment. This means that Ripley, the Marines, the Xenomorphs and even the Xenomorph Queen can be safely stored. The miniatures fit snugly thanks to the precise cut. Even when transported through Hadley's Hope itself, the figures do not slip and remain in place. The soft, fine-pored foam protects intricate details, such as the weapons of the marines or the tails of the aliens, from breaking off and the colours of your painted models from scratches and paint abrasion. After the figures have been nested in the foam, we take care of your game material. We have packed three foam inserts in the bag for this purpose. The cards, tokens and other small game material have suitable compartments in the inserts. You place the cards in the compartments with the finger-thick recesses. These make it easier for you to remove the cards. Distribute the tokens in the remaining free compartments. This keeps everything neatly organised and always to hand. The foam lid supplied completes the set and prevents your miniatures from falling out of the compartments or hitting the top of the bag during transport. Place the rule book, character cards and game boards on the foam lid. The inserts naturally fit exactly into the robust MAXI bag. This is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the contents are well protected from external influences, even when travelling by car or train. In addition to the large main compartment, the bag has a small compartment with a zip on the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag comfortably as a shoulder bag thanks to the wear-resistant, detachable shoulder strap. Dimensions of the MAXI bag: - Internal dimensions: approx. 345 mm x 275 mm x 180 mm - External dimensions: approx. 390 mm x 330 mm x 190 mm The foam inserts have the following dimensions: - HS035BO / HSBE035BO: 275 mm x 172 mm x 35 mm total height (25 mm usable height + 10 mm foam base) - HSFW045BO: 275 mm x 172 mm x 45 mm total height (35 mm usable height + 10 mm foam base) - HSMEQO050BO: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm foam base) - HSMEDQ065BO: 275 mm x 172 mm x 65 mm total height (55 mm usable height + 10 mm foam base) - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free
