Product Description

Orruks, Grots, Ghouls, Followers of Nurgle and Khaine's Devoted - another colourful but mostly beastly mix of warriors who meet in the caves of Beastgrave in the third season of Warhammer Underworlds. To ensure that the eight warbands all arrive at the gaming table ready for battle, we have the matching MAXI PLUS bag including customised Feldherr foam inserts for you and your miniatures. From Grashrak Finsterhuf and his Ungor gang, to the witch Fecula Fliegenwind and the always furious Ironjawz mob, each troop gets a customised Feldherr foam insert. The compartments are individually tailored to the miniatures. This means that the models are well protected in the soft foam. Sensitive details are thus protected from damage. The customised cut ensures that the figures do not slide around during transport. Painted warrior models are spared scratches and chipped colours. An additional compartment is reserved under each figure for the playing cards. It has a finger-wide recess to make it easier to get the cards out. Up to 40 cards fit in here, including sleeves, of course. Deck boxes also fit here. Dice and markers can be sorted into the remaining four compartments. Finally, the supplied foam lid ensures that your figures are securely packed all round and survive transport to the realm of beasts undamaged. The comfortable MAXI PLUS bag is made of particularly hard-wearing material. In addition, padded side sections and a reinforced base ensure that your miniatures are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store the game instructions, the game board or other small accessories, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap.
