### Product Description

The Brotherhood of Ten Thousand has left Terra to take the war to the Emperor's enemies. Take more than 35 miniatures of the warrior elite into the field with the robust MAXI PLUS bag. Two full-size and two half-size foam inserts ensure that the Emperor's bodyguard is stored safely and neatly. Precisely dimensioned compartments for each miniature prevent the figures from sliding around or bumping into each other during transport. This ensures that the weapons and fine decorations remain on the model. The soft foam also protects the colours of your painted figures from abrasion and scratches. To prevent your Vertus Praetors' lances from snapping off, store your golden horsemen in the insert with the four compartments. The generously sized compartments leave enough room for expansive models, such as a shield captain with a raised lance. Four Venerable Contemptor Dreadnoughts can wait for their turn in the four large compartments of the two half-size inserts. Custodian Guards, Allarus Custodians and similarly sized miniatures are best kept in the 16 other compartments. Enough warriors to secure the Imperial Palace fit into the insert with twelve compartments. Thanks to the generously sized compartments, infantry models with expansive details (e.g. Custodian Guard, Vexilus Praetor or the Custodian Wardens) in particular can be safely stored. The foam lid supplied rounds things off. It ensures that your miniatures are packed securely all round. The comfortable Feldherr MAXI PLUS bag is made of particularly hard-wearing material. In addition, padded side panels and a reinforced base ensure that your miniatures are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you have space for the codex and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap.
