### Product Description

Store up to 39 miniatures of your Necron army neatly and transport them safely. To ensure that nothing happens to your army on the way to the next mission, you get the matching MAXI bag including Feldherr foam inserts to protect your miniatures. Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The inserts fit exactly into the robust MAXI bag. This is made of particularly hard-wearing material. In addition, padded side sections and a reinforced base ensure that your miniatures are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. For those who prefer to have their hands free, the bag can also be conveniently used as a shoulder bag thanks to the wear-resistant, detachable shoulder strap.
