### Product Description

Store and transport all the contents of the Kickstarter King Pledge for "Time of Legends: Destinies" compactly in a bag. Imagine if all the legends about monsters and mythical creatures were true and terrorised the Middle Ages. In "Time of Legends: Destinies" all this becomes a cruel reality. Thanks to the Kickstarter King Pledge, you will receive a variety of beautifully designed game materials and fantastically modelled miniatures. To ensure that you always have an overview and your figures are not damaged, we have the practical MAXI bag including Feldherr foam inserts for you. Here you can store all the contents of the base game and the two expansions "Myth & Folklore" and "Sea & Salt" and transport everything comfortably to the next game night. All miniatures, playing cards and the complete accessories of the King Pledge from the Kickstarter campaign for "Time of Legends: Destinies" can be stored in the bag. All playing cards also fit with protective sleeves. The mat tiles only fit in the compartment without sleeves. The three player boards and the rulebooks are stored separately on top. While you shake hands with Jeanne D'Arc and experience the most exciting adventures, we take care of your miniatures and your game material. Spread over one full-size and four half-size inserts, all the contents of the base game and the expansions are neatly and safely stored in this bag. Whether it's the Abbadon, the Ifrit or one of the numerous NPCs, you can assign the right compartment to each figure. Precisely fitting compartments for each individual model ensure that the figures do not slide around or bump into each other during transport. This also protects the colours of the painted miniatures from abrasion and scratches. The compartments for your playing cards have finger-thick cut-outs to make it easier for you to remove the cards. Of course, all cards also fit into the inserts with protective sleeves. Distribute tokens, tiles and the rest of the game material among the remaining compartments of the inserts. Finally, the foam lids ensure that your miniatures and cards are securely packed all round and survive transport to the game with your friends undamaged. The three player boards and the rulebooks are stored on the foam lids. The Feldherr MAXI bag is made of particularly hard-wearing material. Padded side panels and a reinforced base ensure that the miniatures are well protected even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store writing utensils and other small items, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. The following sets fit in the MAXI bag: Time of Legends: Destinies - base game - "Myth & Folklore" Expansion - "Sea & Salt" Expansion.
