### Product Description

Ideal for transporting infantry and vehicles - Perfect for 28 mm tabletop miniatures. Your armies move from battle to battle, and always with you: the practical MAXI PLUS bag from Feldherr. It is ideal for storing and transporting infantry troops and vehicles/monsters. Whether you are fielding miniatures from GamesWorkshop or other tabletop and board game systems, most 28-base models will find a safe home here. The set contains:- 1 Feldherr MAXI PLUS bag- 1 full-size foam inlay with 32 compartments (FSMEDS050BO)- 1 full-size foam inlay with 25 compartments (FSLQ050BO)- 1 full-size foam inlay with 22 compartments (FSMEZZ050BO)- 1 grid foam inlay for vehicles / monsters (FS060RS)- 1 foam base, 10 mm, for the raster foam insert- 1 full-size foam lid This bag stores over 75 standard infantry models from your army in three full-size foam inserts. Precisely fitting compartments for each individual model ensure that the figures do not slide around or bump into each other during transport. This also protects the colours of your painted miniatures from abrasion and scratches. For vehicles, monsters and tanks, we have included a grid foam insert with a matching base. A foam insert provides space for up to 32 classic warrior and monster miniatures on round or square bases up to 35 mm. - Each of the 32 compartments is 54 mm long x 35 mm wide x 40 mm deep For figures with protruding poses, the bag also contains a mat with 25 compartments with wider compartments. - Each of the 25 compartments is 54 mm long x 35 mm wide x 40 mm deep. Each of the 25 compartments is 54 mm long x 41 mm wide x 40 mm deep. Miniatures of different sizes will find a variety of compartments of different widths in the 22-compartment insert. Game material can also be stored neatly and safely here. The 22 compartments have the following dimensions:- 12 compartments: 60 mm long x 45 mm wide x 40 mm deep- 6 compartments: 65 mm long x 45 mm wide x 40 mm deep- 4 compartments: 73 mm long x 40 mm wide x 40 mm deep The grid foam insert is pre-perforated with a 14 mm x 14 mm grid. To adapt it to your models, remove the corresponding foam segments and then glue the insert to the base supplied. That's it! This makes it easy to fit your vehicles or monsters into the inlay. The foam lid supplied ensures that all miniatures are completely surrounded by foam and that the figures in the upper inlay do not fall out of the mat or rub against the fabric of the bags during transport. Of course, the inlays fit exactly into the sturdy MAXI PLUS bag. This is made of particularly hard-wearing material. Padded side sections and a reinforced base also ensure that your models are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. For those who prefer to have their hands free, the bag can also be conveniently used as a shoulder bag thanks to the wear-resistant, detachable shoulder strap. Dimensions of the MAXI PLUS bag:- Internal dimensions: approx. 345 mm x 275 mm x 220 mm- External dimensions: approx. 390 mm x 330 mm x 230 mm Dimensions of the foam inserts:- FSMEDS050BO: 345 mm x 275 mm x 50 mm total height (40 mm usable height + 10 mm base)- FSLQ050BO: 345 mm x 275 mm x 50 mm total height (40 mm usable height + 10 mm base)- FSMEZZ050BO: 345 mm x 275 mm x 50 mm total height (40 mm usable height + 10 mm base) The grid foam insert has the dimensions:- 345 mm x 275 mm x 60 mm height.- fine-pored foam - Made in Germany- chlorine-free and acid-free
