### Product Description

To ensure that nothing happens to your army on the way to the next mission, you get the matching MAXI PLUS bag including Feldherr foam inserts to protect your miniatures. If your army expands, you are well equipped with this MAXI PLUS bag. There is still room for 18 more models. Each miniature in your collection has its own compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The comfortable Feldherr MAXI PLUS bag is made of particularly hard-wearing material. In addition, padded side panels and a reinforced base ensure that your miniatures are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you have space for writing materials, booklets and other small items, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap.
