from **71,59 EUR**

Item no.: 377893
shipping weight: 0.30 kg
Manufacturer: Feldherr

Product Description

We share with you the dream that no miniature has to be the victim of ugly scratches or broken limbs. And that you can bring your models to the next game night unscathed. So that the dream doesn't become a nightmare and you get lost down the rabbit hole, there's the matching Feldherr MAXI PLUS bag. Here you can safely and neatly transport all the miniatures and all the game material from the promo pack and the expansions. The set offers space for all miniatures and the game material from all 5 expansions and the promo pack available exclusively via the Kickstarter campaign. Two individually removable plastic card holders are included in the set for small-format cards. All cards also fit with a protective cover. The booklet accompanying the Crux Collection is stored separately on the foam cover. All miniatures, cards and game accessories from the 5 expansions and the promo pack can be safely stored on 8 half-size foam inserts. Whether Monster Hunter or Torment Reavers - we have the right compartment for every miniature. Wrapped in high-quality foam, the figures are optimally protected from damage. Sword tips remain just as intact as your paint job. If you have painted your miniatures, you no longer have to worry about them sliding around or bumping into each other. The soft foam reliably protects the colours from abrasion and scratches. Of course, there are also enough compartments for your game material. You can easily sort markers and small game material into the free compartments of the inserts. An insert with corresponding card compartments has been packed into the bag for your cards. The card compartments have finger-thick cut-outs that make it easier for you to remove the stacks. Of course, the cards also fit into the compartments with sleeves. The foam lid supplied completes the set. This ensures that your figures are also protected from above and that nothing can fall out of the inserts. Place the Crux Collection booklet on the foam lid. Of course, the inserts fit exactly into the sturdy MAXI PLUS bag. This is made of particularly hard-wearing material. Padded side sections and a reinforced base also ensure that your models are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap.
