from **57,32 EUR**

Item no.: 378035
 shipping weight: 0.30 kg
 Manufacturer: Feldherr

Product Description

Han Solo calls them business partners, but to most others in the galaxy they're just a bunch of scum and criminals. Criminals who sometimes have very large ships at their disposal. You have assembled a sizeable fleet and your Trident-class gunship is your pride and joy. To ensure that your fleet doesn't fall victim to a lack of maintenance, we have the matching Feldherr MAXI PLUS bag including foam for transporting your ships. The two full-size inserts are the ideal place to store your pirate fleet. With the Feldherr foam insert FSMFDX110BO, the Kraken ship arrives at the gaming table with all its tentacles and is always ready for epic battles in space, in the air and in the water. The large compartment is tailored precisely to a miniature model of the Trident-class attack ship. The base and the manoeuvring aid can be stored in the large elongated compartment next to it. The support rods also have their own compartment. You can store your markers, together with the manoeuvring wheels and the resource display, in the square compartment under the ship. The card compartment, with a finger-wide cut-out to make it easier to remove the card deck, naturally also accommodates the playing cards with protective sleeves. You still have six rectangular compartments for additional fighters. These fit in here with a base. They are suitable for storing Hyena-class droid bombers, Nantex-class starfighters or Vulture-class droid fighters, for example. Each of the 6 compartments is 50 mm long x 45 mm wide x 100 mm deep. The flatter insert is used to store a C-ROC Cruiser, Hound's Tooth, JumpMaster 5000 and Slave 1. Here, too, each of your ships is provided with a compartment cut to the exact size of the miniature. A foam insert is supplied to protect the substructure of the C-ROC Cruiser. The two compartments in the insert can be used for additional space fighters, while three compartments can be used for game accessories, such as support rods and bases. If you own a C-ROC cruiser from the 2nd edition, you must place the base on the insert with the Trident class. The custom-fit compartments ensure that your miniatures are kept safe during transport without the need for holding bolts. The soft foam provides reliable protection against breakage, snapped parts and other damage. And the colours of painted miniatures are spared scratches, abrasion and chipped details. The foam lid supplied ensures that everything is securely packed and nothing falls out during transport. Of course, the inserts fit exactly into the sturdy MAXI PLUS bag. This is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that your models are well protected from external influences, even when travelling by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the wear-resistant, detachable shoulder strap. Details- high-quality, fine-pored foam - Made in Germany- chlorine-free and acid-free Contents- 1 Feldherr MAXI PLUS bag- 1 full-size foam insert for 1 Trident-class attack ship, 6 fighters, cards and game material (FSMFDX110BO)- 1 full-size foam insert + insert for 1 C-ROC cruiser, 1 Hound's Tooth, 1 JumpMaster 5000, 1 Slave 1, 5 fighters and accessories (FSKC100BO + HSKE014)- 1 foam cover Dimensions- Internal dimensions: approx. 345 mm x 275 mm x 220 mm- External dimensions: approx. 390 mm x 330 mm x 230 mm Foam inserts- FSMFDX110BO: 345 mm x 275 mm x 110 mm total height (100 mm usable height + 10 mm base)- FSKC100BO: 345 mm x 275 mm x 100 mm total height (90 mm usable height + 10 mm base)
