### Product Description

To ensure that nothing happens to your army on the way to the next mission, you get the matching MAXI PLUS bag including Feldherr foam inserts to protect 94 miniatures from your Soublight Gravelords army. Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The matching lid completes the set and ensures that your miniatures are protected from all sides. Of course, the inserts fit exactly into the sturdy MAXI PLUS bag. This is made of particularly hard-wearing material. Padded side sections and a reinforced base also ensure that your models are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag comfortably as a shoulder bag thanks to the wear-resistant, detachable shoulder strap.
