### Product Description

What would Disney's heroes be without their iconic counterparts? Probably severely bored. Luckily, in "Disney Villainous" you make sure that the heroes have enough to do and are a drag on your competitors. The best way to travel is in style, as Cruella Deville already knew. But because style isn't everything, we've filled this bag with matching Feldherr foam inserts to ensure that the base game and expansions arrive at the gaming table undamaged and that you always have an overview. For the well-being of your miniatures, we've packed two foam inserts, each with ten compartments, into the bag. Each figure has its own, precisely fitting compartment. This ensures that the miniatures do not slide around or bump into each other during transport. The colours of painted figures are also protected from abrasion and scratches. The cards and game material are stored in a total of six foam inserts. This means you have two inserts with three card compartments for the basic game and one for each expansion. This is a card tray for each villain deck, consisting of a fate card deck and a villain card deck. To make it easier for you to remove the individual stacks, the card slots have finger-thick cut-outs. Of course, all cards also fit into the compartments with protective sleeves. You can sort the chips into the remaining compartments. The included foam lid closes the whole thing and ensures that your figures are safely packed all around. You can store the game instructions, game aids, player boards and the villain manuals on the foam lid or in the small front pocket. Of course, the inserts fit exactly into the sturdy MAXI PLUS bag. This is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that your models are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag comfortably as a shoulder bag thanks to the wear-resistant, detachable shoulder strap.
