### Product Description

This MAXI PLUS bag, filled with the matching Feldherr foam inserts, offers space for all miniatures from the Company of Heroes - 2 Player Set. 6 half-size foam inserts ensure that your miniatures are safely packed. Whether infantry or armour, each model has its own compartment. The precisely fitting compartments made of soft foam reliably protect your miniatures from damage and ensure that your painted units arrive safely at the gaming table without scratches. For your game material such as dice and tokens, you will find free compartments in the lowest insert, but we have also packed an additional insert with eight compartments in the bag. Tokens and cards can be neatly organised here. A special card compartment with finger-thick cut-outs is available for the cards. This makes it easier for you to remove the stack of cards. Of course, all cards also fit with protective sleeves. The foam lids supplied complete the set. They ensure that the models are protected from all sides. This prevents them from falling out of the compartments during transport. Place the dashboard directly on the inlays. Instructions and game boards are stored on the lids. Of course, the inserts fit exactly into the sturdy MAXI PLUS bag. This is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that your models are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap.
