from **59,74 EUR**

Item no.: 377955
 shipping weight: 1.00 kg
 Manufacturer: Feldherr

Product Description

Transport all 35 Tyranid and Space Marine miniatures plus terrain pieces from the starter set safely and conveniently. The battle for Macragge was not only the first invasion of the galaxy by the Tyranids, but also your introduction to the hobby? Perhaps you couldn't resist when you saw the starter set for the Fourth Edition at the last tabletop flea market. Now the miniatures and terrain are painted and you're looking for proper storage for this classic? With this MAXI PLUS bag including matching Feldherr foam inserts, your set will last at least until 14th Edition. Offers space for all 35 miniatures and the 10 terrain components of the Warhammer 40,000 game set "Battle for Macragge". Rulebook, campaign book and accessories can be stored on the foam lid or in the outer pocket. The set includes two full-size inserts for storing the Space Marines and Tyranids. Precisely fitting compartments ensure that your models won't get hurt on the way to the gaming table. The claws of the symbiotes are just as safe from damage here as the Space Marines' bolters. You no longer need to worry about the painted models either, as they are neatly separated from each other and completely surrounded by foam in their compartments. The colours are spared abrasion, scratches and chipping details. The two inserts also provide space for additional infantry models. The two grid foam inserts take care of the terrain parts. The pre-punched 14 mm x 14 mm grid makes it easy for you to design the compartments specifically for the spaceship parts of the Aquila shuttle and all other terrain pieces of the two factions. The mats have a self-adhesive underside. After removing the foam segments, simply peel off the film and stick on the bases supplied. Your customised foam inserts are ready. Finally, the supplied foam lid ensures that the miniatures in the top insert are also completely surrounded by foam. Accessories such as folding rules, templates and rule books can be stored on the lid or in the compartment at the front of the bag. The comfortable MAXI PLUS bag is made of particularly hard-wearing material. In addition, padded side panels and a reinforced base ensure that your miniatures are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. This is a great place to store the rest of your accessories. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap. Details - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free. Contents - 1 Feldherr MAXI PLUS bag - 1 full-size foam insert for 25 miniatures (FSLQ050BO) - 1 full-size foam insert for 34 miniatures (FSBR040BO) - 2 full-size grid foam inserts, 50 mm, self-adhesive, for terrain parts (FS050RS) - 2 full-size bases for the grid foam inserts, 10 mm (FS010B) - 1 foam lid.
