Product Description

The battle rages. Powerful cannons fire deafening volleys. Exploding barrel bombs burst metal and spray sprays metres high. Thanks to the Feldherr MEDIUM bag, you no longer need to worry about your models. Three customised Feldherr foam inserts provide your Warlord Games miniatures with enough storage space to accommodate all your ships. This set is intended exclusively for the storage of miniatures. It is not suitable for game material such as the double-sided game board or Turning Gauge. Embedded in soft foam, your sensitive models are optimally protected from damage. The precise cut prevents them from sliding around during transport. Your painted figures are thus protected from scratches and annoying paint abrasion. The two foam lids supplied provide final protection. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and reinforced base also ensure that the contents are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. It can also be locked and unlocked with an optional padlock. Here you can store the Codex and other small items, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
